Full-Stack Web Developer

WORK EXPERIENCE

INTELCIA *October - December 2023*

Operation Specialist

- I solved issues over 300 customers, demonstrating my problem-solving and time management skills.
- I reached an average 9.5 every month as satisfaction rate, which is a proof of my detail-oriented skill and comprehensive approach to customer satisfaction.
- I managed 5 software at the same time in every single call, which is why I have excellent multitasking skills

SECRETOS PARA CONTAR. *October 2020 - February 2023*

Reading promoter

- I successfully presented over 1000 reading promotions to diverse communities, including indigenous and Afro-Colombian populations, which is reflected in my commitment to achieve institutional goals and objectives.
- Due to my efforts and collaborative work, the company reached to 3000 more individuals compared to the previous year.
- In my experience as a reading promoter, I cultivated a constant willingness to learn from every situation, which translates into a receptive attitude towards adopting new technologies and methodologies in the field of web development.

MAIN PROJECTS

E-COMMERCE *August, 2023*

[see project](#)

Collaborative development of an online store for technological products.

- *I implemented functional solutions that increased the project's utility.*
- *I actively contributed to the team by implementing key features and solving technical issues.*
- *I used React.js to create a dynamic and appealing interface, CSS with the BEM methodology for consistent styling, Axios for communication with API's, and React-bootstrap to enhance the user experience.*

POKÉDEX *July, 2023*

[see project](#)

Development of a responsive web platform for user management.
